

Ubuntu Without the 'U': Booting the Big Four Remixes

Written by The Register

Friday, 26 April 2013 06:24 - Last Updated Friday, 26 April 2013 07:33

It's the end of April, so that means that there's a new release of Ubuntu. Well, actually, no - it means that there are eight of them. Don't like standard Ubuntu's Mac-OS-X-like Unity desktop? Here's where to look.....

Raring Ringtail without the OS X/Unity stuff

Review It's the end of April, so that means that there's a new release of Ubuntu. Well, actually, no - it means that there are eight of them. Don't like standard Ubuntu's Mac-OS-X-like Unity desktop? Here's where to look....
